Our suppliers

The Bestway Wholesale Entities purchase products from around the world as well as producing their own label products. They are committed to acting ethically and expect all of their suppliers to make the same commitment. The companies will address any failures by our suppliers to meet our standards on a case-by-case basis and ultimately may lead to the Bestway Wholesale Entities ceasing to trade with any such supplier.

Cost of living crisis

Throughout this financial year the cost-of-living crisis has continued to impact customers and colleagues. We continue to be mindful of the need for due diligence in regard to Modern Slavery and the identification of vulnerable people as a result of the cost-of-living crisis which has increased pressure on retailers, customers, suppliers and colleagues.

Within our business

1. The Bestway Wholesale Entities have a number of People policies and processes that demonstrate compliance with UK Employment Law including Employee Code of Conduct, Recruitment Policy, Equality & Diversity Policy, Anti-Bribery Policy and Corporate Social Responsibility. All policies are available within our Bestway Wholesale Intranet or are published to teams in various formats both online and in hard copy for all colleagues in our core Head Office teams, our cash and carry depot teams or our store colleagues in our company operated estate. This year again we have reviewed all our policies to ensure they continue to be fit for purpose and are available to all colleagues via our internal communication portals.
2. Our existing Anti-Slavery and Human Trafficking Policy continues to be fit for purpose in our current business context.

Reporting

The Bestway Wholesale Entities positively encourage employees to report any unlawful activity and/or any activity which may be in breach of policies and procedures through the Whistleblowing Policy. This includes any circumstances which may give rise to an enhanced risk of slavery or human trafficking.

Actions Achieved

Since publication of the Modern Slavery Statement for the financial year ending 30 June 2022, the Bestway Wholesale Entities have undertaken the following:

1. We have further updated and continued to make available our Modern Slavery Toolkit, so all practice, policy and learning is available to managers and colleagues to utilise in their teams. The update includes the revised 2022 modern slavery training where all data about Modern Slavery in the UK and worldwide has been updated, along with contact details for agencies including helplines and new reference materials from Stronger Together.
2. Our new induction training for all colleagues has the updated Modern Slavery training module as a key part of our compliance training.
3. Senior HR leaders are now registered as Stronger Together Champions for our business, with Stronger Together being an organisation that tackles Modern Slavery in Supply Chains enabling us to utilise their resources in our business. We have used these resources to update our training and posters available for colleagues.
4. Continued with the audit process for our retail suppliers ensuring that all suppliers adhere to our policies through this process and have extended the full database approach across our supplier base. As part of the audit 79 suppliers have completed our Modern Slavery questionnaire and a further 35 have provided us with their Modern Slavery Statement.
5. Continued our ongoing analysis of our supply chain highlighting key risk areas, outputs of which will be discussed on a regular basis with a view to identifying ways to eradicate the identified risk with suppliers.
6. Ensured that the standard posters and educational materials are available at all business premises.

Next steps

The Board of Directors of the Bestway Wholesale Entities have ultimate responsibility for the implementation of policies and procedures, including those related to ethical trading and modern slavery. We propose the following as next steps.

1. All training materials for Modern Slavery to be made available on our internal Learning Management system.
2. Continue with the auditing and analysis of our supply chain highlighting key risk areas and opportunities to address the issues and continuous improvement. Our plan will be to audit in the region of our top 100 suppliers in the financial year ending 30 June 2024, representing more than 50% of the Bestway Wholesale Entities' turnover.

3. The Modern Slavery working group will report twice per year into the already established monthly Prevention and Compliance Committee meetings to highlight progress, share risks identified and agree planned actions for resolution for the following meeting.

Approval

This statement has been considered and approved by the Board of Directors of Bestway Wholesale Limited, Bestway Northern Limited, Bestway Retail Limited, Costcutter Supermarkets Group Limited and MAP Trading Limited on behalf of the Bestway Wholesale Entities, who will review and update it annually.
